

4 IN 1 BUCKET

Australian Designed and manufactured using only the highest quality components and materials. The Digga 4 in 1 Bucket has an extensive range to suit most machines.

Features:

- Grabbing teeth profiled on both front/rear overlap for greater grip of logs or other debris.
- Side curved sections create greater opening bucket width of 860mm.
- 1 piece heavy duty fully welded 6mm grill/hungry board with unique high visibility design, for clear vision of both front and back bucket edge.
- Standard Heavy Duty 20mm Floors.
- Optional reversible bolt on cutting edges for all 3 edges of the bucket
- Optional chisel or tiger teeth with pin on design.
- Full range available from 880mm to 2130mm.
- 12mm and 16mm floors available on request.

Ideal Use:

Grading, scraping, grapping, dozing dirt or material spreading most construction work.

Machine Suitability:

Full range available for most machine types.

Tilting 4 in 1 Bucket also available

Mini 4 in 1 Bucket also available
